

Hello,

This project is done by Kuba and Kamil. In the folder you may find 6 files. The files are as following:

1. ***Wine-price-determinants-OLS-model.pdf*** – The research paper.
2. ***Data Analysis.R*** – The graphs and table in for the Data description module.
3. ***wines\_SPA.csv*** – The data for the analysis taken from Kaggle.
4. ***REAL MODEL.R*** – The code for our initial model.
5. ***OPTIMIZED MODEL.R*** – The code for our optimized model.
6. ***problems\_with\_data.R*** – The code for the analysis of the problems with the data module.

We hope that you enjoy reading our paper and grade it as high as possible 😊
